

Fall 2018

Westfields Business Owners Association (WBOA) and Northwest Federal Credit Union (NWFCU) announce a new partnership to help bring Westfields Property owners and their tenants new opportunities when looking for banking and financial services. The WBOA is working with NWFCU to bring unique opportunities for banking and financial services to the owners and tenants in the park. As a member of WBOA, your business is already eligible to open a business account with NWFCU. In addition, many of the companies within the park already offer NWFCU membership as an employee benefit. As a contributor and sponsor for over nine years towards many of the WBOA community outreach efforts, NWFCU is local partner invested in our community and helping to serve, inspire and transform lives.

Please find out how your organization can take advantage of this special partnership. When you join Northwest Federal, you'll get the same products and services as banks but at a better value. Why? Unlike banks, which work to satisfy stockholders, as a not-for-profit credit union, NWFCU works to satisfy you, the member-owner.
